

California Health & Safety Code Section 119402 - Declaration of Compliance

As part of our ongoing efforts in the area of compliance, US WorldMeds has developed a Compliance Program that is reasonably designed to prevent and detect violations of law or company policy. To the best of our knowledge, and based on our good faith understanding of the statutory requirements, we have established a Compliance Program that is compliant with the requirements of Cal. Health & Safety Code §§119400- 119402.

In making this Declaration of compliance, US WorldMeds is not asserting or making any representation that every employee, agent, contractor or partner will always fully comply with its Compliance Program or that US WorldMeds can prevent individual employees from engaging in improper conduct. While we are routinely reassessing our Compliance Program to improve it, government standards on compliance programs recognize that no program can completely prevent individual employees from improper conduct.

Based upon our good faith understanding of the statutory requirement, and to the best of US WorldMeds' knowledge, US WorldMeds declares that, as of the date of this declaration, we are, in all material respects, in compliance with our Compliance Program, as described here, and with California Health & Safety Code §§119400- 119402.

Ensuring ethical and legal conduct is an ongoing commitment at US WorldMeds. The Compliance Program is a program that will continue to evolve to meet the company's compliance needs. US WorldMeds will assess its program as often as necessary, but at least once each year.

USWM, LLC

Michael Brown, Associate General Counsel & Compliance Officer
